CONFORMITY STATEMENT

Regulation (EU) 2025/40 of the European Parliament and of the Council of 19 December 2024 on packaging and packaging waste (PPWR), amending Regulation (EU) 2019/1020 and Directive (EU) 2019/904, and repealing Directive 94/62/EC

This EU Declaration of Conformity is issued under the sole responsibility of the manufacturer/supplier identified above.

This EU Declaration of Conformity applies to the shipping packaging supplied with the product by Tubing Food within the European Union market.

It includes, among other items, **boxes, plungers and protective cardboard, adhesive tapes, manual and automatic stretch film, corner protectors**, and other packaging materials.

This declaration covers all packaging materials supplied by Tubing Food S.L.

Declaration of Conformity

- We hereby declare that the products identified above comply with the applicable requirements set forth in Regulation (EU) 2025/40 on packaging and packaging waste (PPWR), based on the available technical information, the documentation provided by suppliers, the applicable internal controls, and the technical documentation supporting this declaration. Including:

- Improved recyclability: Optimization of the packaging materials in accordance with European design-for-recycling requirements.
- Reduced packaging volumes: We are working to make packaging dimensions more efficient and to increase the use of sustainable materials, thereby reducing waste in transport and storage.
- Clear labelling: We are working with our suppliers to adapt the labelling to support straightforward, efficient and legally compliant disposal and recycling.

Tubing Food fully supports the objectives of the PPWR and the transition towards a sustainable circular economy. Against this background, we would like to confirm the following:

Tubing Food will comply with the directly applicable basic requirements of the PPWR from

12 August 2026 for all packaging falling within its scope. At the same time, a substantial part of the detailed technical and operational requirements is still being defined through implementing and delegated acts, with adoption expected progressively in 2027/2028 and beyond. We will therefore continue to adapt our related obligations in line with these developments.

- Compliance with Article 5 – Hazardous Substances (Heavy Metals) We declare that the sum of the concentrations of:

- o Lead (Pb)
- o Cadmium (Cd)
- o Mercury (Hg)
- o Hexavalent chromium (Cr VI)

present in the packaging material does not exceed the maximum limit of 100 mg/kg (100 ppm), in accordance with Article 5 of Regulation (EU) 2025/40.

- This declaration is based on information provided by our suppliers, internal control procedures, and, where applicable, analytical tests performed on the materials.

- Compliance with PFAS Requirements

The requirements set forth in this section shall apply when the category of packaging or packaging material is subject to specific restrictions regarding PFAS pursuant to Regulation (EU) 2025/40 and other applicable regulations.

We hereby declare that the products covered by this declaration comply with the applicable requirements of Regulation (EU) 2025/40 regarding perfluoroalkyl and polyfluoroalkyl substances (PFAS).

The assessment conducted confirms that the levels present in the material comply with the requirements and limits established by Regulation (EU) 2025/40 and other applicable regulations regarding PFAS.

This declaration is not based solely on a claim of “no intentional addition of PFAS,” but rather on a documented assessment based on the following elements carried out by the packaging material supplier:

- o An assessment of the product’s composition.
- o Traceability of the raw materials used.
- o Technical information and declarations of conformity received from suppliers.
- o Internal quality control and document management procedures.
- o Conducting analytical tests and technical verifications when necessary to

demonstrate regulatory compliance.

- Technical Documentation

The technical documentation supporting this declaration is made available to the competent authorities for the period required by applicable legislation and may be provided upon justified request.

The undersigned declares that the products identified in this document comply with the applicable requirements of Regulation (EU) 2025/40 on packaging and packaging waste as of the date of issuance of this declaration.

This declaration shall remain in effect as long as there are no changes to the composition, raw materials, critical suppliers, manufacturing process, or applicable legal requirements.

Montmeló, July, 31st, 2026

Iván Roca
Director General
